

# 2022 FEATURED PRODUCTS

## CT-7 LEG TRACTION SPLINT ADULT / PEDIATRIC / BELOW KNEE APPLICATION

The CT-7 splint features several new upgrades. It has been SIMPLIFIED; removing straps, velcro and all loose ends. It has a SHORTER footprint and no longer extends beyond the patient's foot. It has been made more RIGID and indestructible with thicker carbon tubes. The traction mechanism is easy, fast and super precise by means of an acme threaded polycarbonate rod system. We are confident that this leg traction splint is the best choice for any medic.

\*THE CT-6 IS ALSO STILL AVAILABLE

## RESPONDER PELVIC BINDER

High quality Pelvic Binder that is efficient and easy to use. Uses simplified strap system for fast application to apply necessary pressure in wrapping a patients fractured pelvis. Moveable side pouch allows integration with FareTec leg traction splints.

### FEATURES:

- Integrates with the CT-6 & CT-7 Leg splints.
- Re-usable
- Antimicrobial / Antibacterial
- X-Ray Translucent
- Made in USA
- Rolls small/vacuum package available
- Several sizes and color options

Patents applied for\*

## RESPONDER COMPRESSED GAUZE

We've upgraded the gauze quality and packaging! It will still be offered at a great low price with CE mark and necessary control documents.

## NEW RESPONDER COMPRESSION BANDAGES 4" & 6" Sizes

We've also upgraded the packaging on our bandages! Extra durable and double layered to protect the product and keep it vacuum sealed in the harshest environments.

**WHEELED LITTER CARRIER, EL2000 CIVILIAN & EL3000 MILITARY**

*The Joint Product of Choice (JPOC) for Wheeled Litter Carrier as deemed by the Defense Medical Material Program Office (DMMPO)*

Equipped with two large non-pneumatic wheels designed for transporting injured persons on rugged terrain. When the supporting legs are in the “static” position, the litter carrier is a stable aid platform. When not in use, the Litter Carrier is easily folded to a compact size for storage. Areas of use include: Mobile hospitals, sports venues, airports, concerts, street festivals, etc.

**PST, PORTABLE SURGERY TABLE  
PATIENT TRANSPORT AND OPERATION PLATFORM**

The PST is field tested and outfitted with the most advanced materials available, this unit can serve a multitude of purposes. The PST quickly assembles into a stable patient aid platform for medics and doctors. Ideal for field hospitals and the like. The device is versatile and easy to transport for fast changing scenarios.

\*Upgrade kit available for WLC to PST conversion.

Accessories include:

- IV POLES, ARM BOARDS,
- LED EXAM LIGHTS, MAYO TRAYS
- STORAGE CATCHER

**(IFAK) INDIVIDUAL FIRST AID KIT & BACKPACKS**

Top quality bags combined with the best life saving products available, the Responder IFAK has many advantages. Each unit is packaged small enough to be carried anywhere, rugged enough for even the most extreme environments, sterile and ready for immediate use with a minimum amount of training.

The contents of each IFAK can be altered to fit customer needs; we can build to spec.

**LIFEBOX50 TRANSPORT CONTAINERS**

The LifeBox50 is designed for the First Responder to transport items that are temperature sensitive; without having to worry about a heavy, tethered powered unit. The LifeBox50 is able to maintain its core temperature for unprecedented durations in the most extreme ambient conditions. Superior insulation, combined with rugged cases for protection, make it a great choice for any medic. Equipped with digital temperature display, battery and solar powered.
