

NEW CT-7 LEG TRACTION SPLINT
NEXT GENERATION LEG KIT

DESIGNED FOR ADULTS, PEDIATRICS & BELOW KNEE APPLICATION

The CT-7 has been tested and used in the harshest conditions around the world by an array of first responders and medics. The CT-7 splint has been SIMPLIFIED and IMPROVED. It has a smaller footprint and no longer extends beyond the patient's foot. All excess straps, lines and velcro have been minimized. The CT-7 is rigid and indestructible with 35% thicker carbon tubes. The traction mechanism is easy, fast and super precise by means of an acme threaded polycarbonate rod system. We are confident that this leg traction splint is the best choice for any medic. Available in both Civilian version: Orange bag and straps and Military version: Black straps and Bag.
